

The Rights of People in Middlefield & Rockfall

Sponsored by the Middlefield/Rockfall Democratic Town Committee

We recognize that there is a great deal of fear of people who are different than us in the United States. Differences may include skin color, beliefs, economic situation, sexual orientation, or ability level. We believe that action must be taken against racism and systemic oppression of marginalized groups. We want Middlefield, CT to be known as a town that respects the rights of ALL people to live well, pursue dreams, raise families, own homes, and enjoy the bounty that this Town offers.
